## WHAT IS CATARRH?

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

The complete Hyomei outfit costs but \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime, and additional bottles of Hyomei can be obtained for 50c.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs:

Offensive breath.	Discharge from nose.
Dryness of the nose.	Stoppage of the nose at night.
Pain across the eyes.	Acting of the body.
Pain in back of head.	Dropplings in throat.
Pain in front of head.	Mouth open while sleeping.
Tendency to take cold.	Dealing back of palate.
Burning pain in throat.	Formation of crusts in the nose.
Hawking to clear the throat.	Thyness of the throat in the morning.
Pain in the chest.	Loss of strength.
A cough.	Spasms of coughing.
Stitch in side.	Cough short and hacking.
Loss of flesh.	Cough worse nights and mornings.
Variable appetite.	Loss is vital force.
Low spirited at times.	A feeling of tightness across the upper part of the chest.
Raising of frothy mucus.	
Expectorating yellow matter.	
Difficulty in breathing.	
Frequent sneezing.	
Husiness of voice.	

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Rickett & Wells emphasize it by agreeing to refund your money if Hyomei does not cure.
